

## **Melita School Dress Code**

The purpose of our dress policy is to outline a standard of dress, which will establish a proper business and educational climate within our school. In this regard, students are expected to maintain a satisfactory level of personal hygiene and dress for all school activities. Specifically:

- Students must be dressed in a clean and tidy fashion
- Students must wear clothing appropriate for a school/business setting that covers parts of the body which should not be on display in a business or educational climate. (no midriffs showing, no short shorts, no mesh or see through clothing, etc.)
- Clothing with a picture, slogan or wording which either specifically, or suggestively, is in poor taste, demeaning or promotes alcohol, drugs, racism or sex, etc. will not be acceptable.
- Hats or headwear are not to be worn in school or during indoor school activities, and will be removed at the door when entering buildings.
- Footwear is mandatory at all times.

Students in violation of the above policy will be required to adjust their clothing accordingly until their dress complies with the above expectations.

A change of clothing is required for all physical education classes. Further details on Phys. Ed. clothing expectations will be provided by your Phys. Ed. teacher.

In addition, caps/hats may be worn in the school only on special occasions such as “dress-up” days.”
